

Obesity Care Week

March 1st - 7th, 2020

What is Obesity Care Week?

Originally founded in 2015, Obesity Care Week (OCW) has a global vision for a society that understands, respects and accepts the complexities of obesity and values science and clinically-based care.

OCW aims to change the way society cares about obesity by:

- Providing science and clinically-based education on obesity
- Advocating for access to affordable and comprehensive care

Mission

To advance a science and clinically-based understanding of obesity and widespread access to respectful, comprehensive and appropriate care.

Vision

A society that understands, respects and accepts the complexities of obesity and values science and clinically-based care.

OCW2020 highlights key areas of interest including:
