

# WHAT IS OBESITY CARE WEEK?

## Obesity Care Week

February 27<sup>th</sup> - March 5<sup>th</sup>, 2022

Originally founded in 2015, Obesity Care Week (OCW) has a global vision for a society that understands, respects and accepts the complexities of obesity and values science and clinically-based care.

OCW aims to change the way society cares about obesity as a disease and the people who have obesity by:

Providing science and clinically-based education on obesity and its treatments.

Advocating for expanded access to care, prevention, and ending weight bias and stigma.

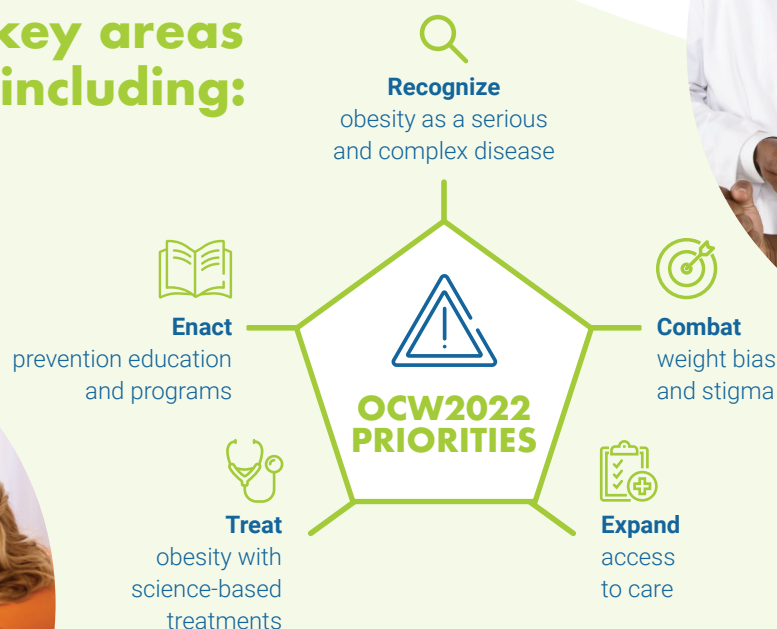

### Mission

To advance a science and clinically-based understanding of obesity and widespread access to respectful, comprehensive and appropriate care.

### Vision

A society that understands, respects and accepts the complexities of obesity and values science and clinically-based care.

## OCW2021 highlights key areas of interest including:
